We know that when a new car is ordered, more than likely, there will be a delay in taking delivery of the vehicle. Whether it be 2 weeks or 5 months.

With this in mind, we have a solution that's simple.

Vauxhall Insignia or
Similar from only
£20.92 per day

With Rental 369, we offer you extremely competitive prices for a rental vehicle to fill the period inbetween waiting for your new vehicle delivery. 369 is simply 3 months, 6 months and 9 months. These are the main categories we advertise but don't worry, anything in between, over or under can also be facilitated.

Without having to sign a long term contract, you simply pay for the actual days you use the vehicle for, and, with the maintenance of the vehicle and breakdown cover included in the price, you enjoy worry free driving and the flexibility you need when you don't have an exact delivery date of your new vehicle.

With turn around times of getting a rental vehicle delivered to you within 2 hours, and, the ability to terminate the hire whenever you should choose, you have the flexibility you need.

With access to thousands of rental vehicles, you can understand why we have only mentioned a couple!

Rental - The way it should be

The rates quoted are subject to the attached Business Terms & Conditions and Additional Charges

All rates are exclusive of VAT and insurance. It is your responsibility to cover all vehicles on your own fully comprehensive insurance unless the optional insurance cover is taken out on the hire. Should you require an alternative vehicle or price for insurance these are available upon request. If the rental is terminated prior to the set rental period, the daily rate will fall into the lower associated pricing bracket. Images are for illustration purposes only. E & O.E..
